New This Year: PRIZE PLAY!

Events Marked as Prize Play (PP*) events will be eligible for cash Prizes! When you register online you will be given the option to pay into the prize pool and that fee will be paid back in prize money. If you choose to opt into a prize play event, you will pay the extra prize play event fee, which will be paid out in the form of cash to the top 25% of players who are in the Prize Play pool. If you choose not to opt into the prize play pool, you will still be competing for Gold, Silver and Bronze Medals!

Competition level brackets will be in effect but skill levels will not be added until there are at least 6 teams to fill the next competition level bracket. For instance, if there are 13 teams in an event there will be only one competition level bracket. If 14 teams then the bracket will be split into brackets of 8 teams in the Top Level and 6 teams in the next level. If Prize Play players are split into the next level bracket the most prize play money that can be won will be determined based on how many prize play players there are in the Upper bracket. For example if 2 teams of prize play players are playing in the upper bracket the best outcome for a team in the next bracket would be 3rd place prize play money plus the potential to win a medal for the bracket. Positioning round will be race to 7. Please contact Ben Stone with any questions or concerns, benstone@nebraskafoosball.com.
